The Birds and the Birds: Sex(y) Ed for Sapphic Sisters

Leave your nest this Mardi Gras season and migrate to the Red Rattler Theatre for the much anticipated launch of *The Birds & the Birds: the Lesbian Sex Workbook* - a new and egg-citing resource brought to you by the ACON Young Women's Project. This saucy resource is sure to get your feathers in a twist, with its beak watering array of hot photos and juicy content.

Remember the early bird gets the worm, so spread your wings and flock on in for an evening of gliding jives by local DJs. Perch yourself amongst friends and enjoy the majestic displays of performers as they strut their stuff on stage. There will also be a chance to make new friends by sending messages of love, lust and friendship via our carrier pigeons. We will also have a claw manicure stall, a pecking booth (AKA kissing booth) and caged birds gogo-ing for your viewing pleasure. Peck at the complimentary crumbs and other delicious delights while you bird watch (yum!).

The Birds & the Birds is a drug and alcohol free event for young same-sex attracted women and their supporters. So take a birdbath, feather your hair and come have a sticky beak at the Lesbian Sex Workbook.

When : Wednesday 24th February, 6-9pm
