

**if it stings
when you
PISS...**

get an STI test.

**You might have gonorrhoea or Chlamydia.
Having either can increase your chances of picking
up or passing on HIV.**

**Consider others and avoid having sex until
you get a test.**

For more info on STIs, testing, treatments or the location of clinics and doctors,
check out www.whytest.org or call the Sexual Health Infoline on 1800 451 624. v
