

Had an
UNSAFE FUCK
and now have
flu-like symptoms,
sore dry throat,
rashes...

get an HIV test.

You may have picked up, or be passing on HIV.

Condoms are the most effective way to prevent HIV transmission.

For more info on STIs, testing, treatments or the location of clinics and doctors, check out www.whytest.org or call the Sexual Health Infoline on 1800 451 624.
